EDMONTON, ALBERTA, TUESDAY, MARCH 24, 1953

District Old-Timer Celebrates 85th Birthday

BEISEKER—A real old-timer of the district, Mrs. Ulrica Schultz, celebrated her 85th birthday in the best of health and spirits with an "open house" party on March 19. Having lived in Beiseker over 45 years, 38 of which were spent on their farm, two miles south-west of town, she retired to the village seven years ago, and makes her home with her daughter, Dora. Also with her for the day were her daughters, Anna (Mrs. Charles Weissgerber) of Red Deer and Wanda (Mrs. Harry Long) of Irricana. The tea table was beautifully decorated with roses and carnations. Out-of-town guests included Mrs. Warren Nicolson and Mrs. Jos. Fox of Calgary. Many friends called during the day to extend their good wishes to a very much beloved grandma and neighbor. Amongst them were: Mrs. C. F. Lohrke, Mrs. Kroschel, Sr., Mrs. J. H. Schmalz, Mrs. Schwartzberger, Mr. Wegener, Sr., Mrs. Campbell, Mrs. Schissel, Mrs. Redding, Mrs. Carl Lohrke, Mrs. R. Wegener, Mrs. F. Lount and Mrs. Wald.

Infant Hurts Arm In Wringer

BEISEKER—Cameron, the 15-month-old son of Mr. and Mrs. Dave Lang of Beiseker, was rushed to the General Hospital with a badly tangled left arm, when he was caught in the washing machine wringer. No bones were broken in the arm, but he will require at least two weeks' hospital treatment.

Local Groups Sponsor Film

BEISEKER—The Beiseker Council of the Knights of Columbus and the local sub-division of the Catholic Women's League joined forces recently in providing an afternoon and evening of entertainment in the showing of the film, "The Rose Bowl Story." A collection taken up on the occasion, brought in the fine sum of sixty dollars after the expenses of rental of the hall and film were paid. The proceeds will be turned over to the Library Committee of the Home and School Association to purchase books for the school library. Those in charge wish to thank the people of Beiseker and district for their fine support of this venture.

Level Land News Briefs

Pastor and Mrs. C. C. Uoth of Calgary were visiting with the SDA church and friends.

Mrs. Fred Metzger of Calgary visited with her parents, Mr. and Mrs. Ben Huether over the weekend.

Edgar and Gideon Tetz of this district had two Shorthorn bulls to sell at the Calgary Bull Sale, and stock.

Mrs. Jean Fontaine of Battle Lake was visiting with the SDA church, and Chandlers.

Mrs. Carl Fisher of Calgary spent a week with the Shabers, helping take care of her mother.

W. D. MacDonald of this district had eight purebred Shorthorn bulls at the Calgary sale last week.

Quite a number attended the 53rd annual bull sale at Calgary, the past week.

EDMONTON GIRL WINS JUNIOR FIGURE SKATING CROWN

Edmonton's Sonja Currie, who recently won the Canadian Junior Figure Skating Crown in the Dominion championships held recently in Ottawa. Sonja is the daughter of former Edmonton Flyer coach, Frank Currie, and Mrs. Peggy Currie, a former figure skating star in her own right.

Kathryn News Briefs

The Kathryn school held open house for the parents' inspection on March 6. During the afternoon the Home and School Association served tea to the many visitors in the auditorium of the school. Mrs. J. W. Anderson and Mrs. L. Workman presided at the tea urns.

The Home and School Association realized some \$140 at a pie social held in the school auditorium March 13. The students provided a very interesting musical program followed by an entertaining film.

A very considerable sum of money has been raised for the erection of a curling rink. At a community meeting March 4 it was decided to commence the project immediately.

Mr. and Mrs. Cecil Anderson are holidaying in Victoria with the O. Andersons.

Mr. and Mrs. I. Wileman are holidaying in the U.S.

Miss Pat Hutchings entertained a number of friends on Saturday evening on the occasion of her birthday.

Mrs. C. Storey has not been well and is undergoing treatments in Calgary.

It is now reported that the Kathryn station will not be closed at the present time as had been reported.

Beiseker News Briefs

Mr. and Mrs. Lou Brosteaux wish to thank their many friends for the lovely gift and good wishes on their departure from Beiseker.

Mrs. Leo Schmalz entertained the Bridge Club on Wednesday night, honors going to K. Wald and Doris Wright.

Don't forget the Blood Donor Clinic in Beiseker Memorial Hall on April 8 from 6:30 to 8:30. Mrs. Adam Velker is the convener.

"Another year of good business in 1953," forecast guardedly, in Commerce Department report.

First Aid Classes Started March 19

KATHRYN—A large crowd attended the regular meeting of the Home and School Association March 13th at which a very interesting and educational program was presented. Two members of the Bow Valley Health Unit were present to explain the organization of the newly formed Health Unit and the services provided by it. A film on Baby Care was also shown. Mr. D. Bricker organizer for Conrich Municipal District Civil Defence Work spoke on his work and explained how Civil Defence work would be conducted in the rural areas. First Aid Classes will commence March 19 in the school. There will be four classes of 2 hours each, the fifth class will be in the form of an examination. All interested persons should register with Mr. L. Workman.

Well Loved Pioneer Laid To Rest

CROSSFIELD—Requiem High Mass was celebrated in the Crossfield Catholic Church at 10:30 a.m., March 17 for a well respected pioneer, the late Mrs. Mary McAnally, who passed away in Edmonton March 14 at the age of 83. Even with the gathering years the late Mrs. McAnally was an inspiration to all who knew and loved her. Her youthful appearance and keen mentality in no way suggested the 83 years spent in a full, active and friendly life.

Her grandson, of whom she was justly proud, Rev. Fr. M. McAnally performed the ceremony, assisted by Father Hamilton of the local church. Very beautiful mass was sung by Father Spier and three sopranos from Calgary.

The remains were laid to rest by the side of her husband who predeceased her in the Crossfield cemetery.

Full bearers were Messrs. B. Cissell, J. Onell, J. Benoit, J. Zanni, Pat McAnally and F. Spaulding.

Deep sympathy is extended to the bereaved family.

Offers Stainer's Crucifixion

CROSSFIELD—Crossfielders are offered a real treat if they will attend the presentation of Stainer's Crucifixion by the Didsbury Choral Society. This is a complete composition and can be heard on April 2nd, Thursday at 8:00 p.m. in the United Church. A silver collection will be taken up and every penny will be donated to "Flood Relief."

Didsbury are very fortunate in having a master musician in the person of Mr. Lyle Richardson, Prof. of Music at the Didsbury Bible College.

"We feel that this will be THE musical attraction of the season and that our townspeople will be very privileged in having this wonderful opportunity to attend such an occasion."

Red Cross Collections Reach \$50 Mark In Crossfield

CROSSFIELD—When E. H. Landymore listed his latest release on collections in the latest Red Cross campaign for funds it was noted that a total of \$50 had been received.

The following is a list of the donors:

Mrs. E. Forsythe	\$2.00
Mr. and Mrs. Archie Bennie	2.00
Mr. and Mrs. G. Bennie Sr.	2.00
Mr. and Mrs. E. Graf	2.00
Mr. and Mrs. J. Goettler	3.00
Mr. and Mrs. Rob. Walroth	3.00
Mr. Chas. Duhlic	2.00
Mr. and Mrs. Stan. Price	2.00
Mrs. A. E. Price	5.00
Mr. and Mrs. K. J. Borbridge	3.00
Mr. and Mrs. W. E. Walroth	2.00
Mr. and Mrs. T. G. Borbridge	2.00
Mr. Less Walroth	2.00
Mr. L. Garwood	2.00
Mr. Mrs. F. W. Landymore	2.00
Mr. H. Fenwick	1.00
Mr. Arthur Fenwick	2.00
Mr. and Mrs. L. V. Bliss	2.00
Mr. and Mrs. T. R. Cumling	5.00
Mr. and Mrs. J. Baxter	1.00
Mr. E. H. Landymore	3.00

Lodge Sponsors Popular Party

CROSSFIELD—The Rebekah lodge members were responsible for a very delightful 500 party of 18 tables which took place in the Masonic hall on Friday, March 20. Two handsome metallic trimmed miniature suit cases represented travel prizes for the evening and were donated by Mrs. Ballam. These were started at No. 1 table and taken with the winning lady and gent from each table. When the cards were finished the possessors were Mrs. C. C. Stafford who found a lovely china cup inside, and Ernie Farrell discovered his was laden with cigarettes. The ladies top prize was donated by Mrs. A. E. Edlund—a pretty china cream and sugar was won by Mrs. Evelyn Lilley and Mr. A. M. Bailey won the gent's prize also donated by Mrs. Edlund. It was a cedar chest of playing cards. Second prize for ladies was won by Mrs. Geo. Sefton—a hand made nylon corsage in red sheer; Mr. S. Laurie received the second high score which was a pocket flashlight. The latter second prizes were donated by Mrs. Lilley. The consolations were won by Violet Hurt and Phil Holman and were a plastic apron and a steel tape measure respectively. Phil hopes to measure his big fish with his prize.

The N.G. thanked all for attending after a delicious lunch was served in true Rebekah style.

St. Patrick's Calico Ball

CROSSFIELD—The FUWA sponsored their usual 17th of March dance and drew a large crowd for miles around. The music was full of pep as is customary for the Mountaineers and gay calico flitted to their rhythmic harmony.

Mrs. Pat Kimmiet and Mrs. Copley were chosen judges for the calico dresses. Mrs. Bonnie Bills, now residing in Calgary, won first for the married ladies home made frock; Mrs. Joanne English for the best bought dress in the same class; Lillian Aldred, in single girls class wore a charming home made frock, which was the winner and Joyce McDonald received first prize for the single class bought dress. In the stout ladies class the prize was handed to Mrs. Harback, Calgary, who sometimes attends square dances here.

Art Exhibit And Tea Attracts Crowds

CROSSFIELD—The Home and School sponsored a showing of a No. 7 Art exhibit and served tea in the Community hall on Wednesday afternoon and evening, also again Thursday afternoon and evening which included square dance night. The display of pictures was held in the basement and a goodly crowd was on hand both days to view the art.

Comments were varied as is always the case but two pictures seemed to captivate the general public and even the school children who were escorted by their teachers to pick their favorites, and to have the various pictures explained. The collection favored oil and water color and varied in choice of ice and snow wooded scenes, mountain scenery, storms, to the more imaginative productions of brain fancy.

"Abandoned" was a general favorite in oils and showed a tumble down shack and an old wagon wheel, in a presumably blown out area. The coloring was very beautiful in dark rich tones of purple and blue and left one with the feeling of dejected loneliness. Joe Lieskovsky, Blairmore, a miner was the artist. "Spring Comes to the Muskeg" a location of about 5, or 6 miles west of Edmonton was created with the use of a palette knife, but contrary to most pictures of this type the work was laid on very finely and with skill. The picture was perfect in perspective and balance and coloring held such depth that it was hard to convince ones self that this was not a reality. Frank Staines, Edmonton is to be complimented on this wonderful painting.

Two flower studies were very well done, especially that of Elly Richards of Edmonton.

"When the Chores are Done" was painted during the cold wintry days by Mrs. Tislington of Grand Prairie and depicted her husband who had a habit of "forty winks." In reality it started as a joke. The picture shows wonderful talent. The hands of the sleeping farmer is a work of art itself.

There were lots of comment on all pictures, but these mentioned were discussed at length.

Tea was enjoyed after art was viewed and the H. and S. is to be congratulated on its undertaking. Local art from Mesdames V. Aldred and E. P. Lilley were also on exhibition.

Poison Ivy, one of the most toxic members of the sumac family, grows wild in all provinces of Canada except Saskatchewan and Alberta.

News From Other Alberta Towns

New Falher Arena To Fill Manifold Purpose

FALHER—The proposed new arena in Falher, which is already under construction, will be virtually a community centre in every meaning of the phrase.

Designed to fill the needs of the town's administration, and to provide facilities for recreation and social gatherings, the new structure will be the finest arena of its kind north of Edmonton.

The building houses two "units"—the front portion will consist of locker-room facilities, restaurant, town garage, caretaker's quarters, village offices and council chambers, with a large hall, complete with stage-upstairs. The rear portion will take in the ice-surface and spectators' facilities.

The fore portion of the building is a sizable 110 feet wide and 42 feet in depth, while the arena area will be 110 feet wide by more than 200 feet long. The ice surface will measure the regulation 185 feet by 85 feet.

Portions of the fore-part of the building are already in use. The new fire engine is housed in the building, and has alongside of it a cistern. Another cistern is proposed and will be fed by a pond reservoir which contains 450,000 cubic feet of water and is full the year round, thus assuring the fire department of an ample supply of water in an emergency.

The heating plant, installed at a cost of three thousand dollars and capable of heating the complete structure, is working now keeping the fire engine warm, and heating the finished portion of the building.

The total cost of the building when complete will be in the neighborhood of forty thousand dollars, most of which is already paid off, and the material required for the completion of the building is already on hand.

Roofing of the ice service will be of aluminum, supported by laminated wooden beams. The aluminum roofing has a double purpose—snow will not remain long on the roof, and the roof itself is of exceptionally light weight.

It is planned to stucco the front portion of the building to give it a pleasing and striking appearance.

The citizens of Falher are to be congratulated on this project—it is a wonderful example of community enterprise, since almost half of the structure was built by volunteer labor, and since so much of the building is already paid for. Revenue obtained from the various functions held within the building will be used to retire the remaining portion of the debt. Yes, Falher can be justly proud of their new arena, it will be the finest north of Edmonton when completed.

Coyote Hunt Proves Big Success

VILNA—About 60 hunters of the Vilna and Hamlin district organized a coyote hunt under the sponsorship of the Vilna Fish and Game Association.

Shot guns were the order of the day. The hunt was a success by virtue of the fact that four coyotes were bagged. The hunters getting the coyotes were Alex Balnecki, George Vitychuk, Joe Farus, and J. Tkachyk.

Another hunt is being planned for March 15 in the never ending drive to stem the menace of the coyote population.

The association's president is William Lasechuk and the secretary is Bill Kureluk; two great sportsmen.

Cadet Corps Planned

CLYDE — Last Monday at Westlock Memorial Hall 30 boys representative of the Westlock and Clyde schools, between the ages of 13 and 18, met to discuss the formation of an Army Cadet Corps. Major Pym, chief instructor, informed the meeting fully on the aims and training of cadets and of tentative plans for the coming months. The boys were also addressed by Capt. Ouillette of Clyde, officer commanding the "A" Company of the 19th Armoured Regt., who commended cadetship to them and promised all the support his unit could give them.

Mr. Gabert, Clyde, vice-principal, explained what a valuable supplement to academic work cadetship could be, and he welcomed the formation of a corps to which his own boys would belong, and said he would do all he could to promote the interests of the corps in the Clyde area.

A question period followed, and the boys took home with them entry forms to discuss with their parents and the first parade will take place next Monday.

Nine boys were selected to go to Edmonton Thursday evening of this week and witness the parade of a Cadet Corps in Edmonton.

Agriculture Short Course Held In Thorhild

An agriculture short course and seed fair was held in Thorhild Community Hall on March 5 and 6, sponsored by the Thorhild Board of Trade and Smoky Lake Municipality.

Mr. Strashok and Mr. M. Chmara took care of the preparations. On March 5, talks and films were shown on swine and crops. This was given by Dr. Bowden. On March 6 talks and demonstrations were given on the cutting means by Mr. Arnold, and talks on seed. The films were shown by Mr. Ken Watt.

On the evening of March 6 prizes were awarded for the best displays of seed articles. The prizes were donated by the business men of Thorhild.

Moon Lake Farmer Found Dead In Car

ENTWISTLE — Eddie Schenk was found dead in his car on the Mehan farm near Moon Lake, just south of Entwistle.

Mr. Schenk had attended a dance in Moon Lake Saturday evening, and on returning had drained his car. His body was found on Sunday.

Bellis Has Rash Of Accidents

BELLIS—Wednesday night J. Kolody of the city turned over a couple of times with J. Megle's car, while coming from his dad's place. Nobody was hurt.

Saturday afternoon an accident occurred near the CNR tracks. A car driven by Mr. Babuk of Willingdon and a truck driven by Mr. G. Russ was in collision while trying to stop before the track. Nobody was hurt but when Mr. Babuk tried to drive, his car caught fire and was completely demolished. There must have been a short circuit some place.

Our elevator agent and Chevrolet and Ford dealer, J. Pasichnyk, seems to be getting tired with his job, but is quite interested in the trucking business owned by N. Chernivchan. The district may have a new truck driver.

J. W. ACHTYMICHUK

Local Man Receives Naval Promotion

SMOKY LAKE — John Wm. Achtymichuk, presently on the high school staff of Smoky Lake received a promotion to the rank of Petty Officer First Class in the Royal Canadian Navy Reserve Band recently. He is the solo clarinetist as well as assistant director of the navy band at HMCS "Nonsuch" in Edmonton, and he has been a member of this band since 1947.

The career of John W. Achtymichuk in the navy bands began in 1942, when he enlisted in the RCNVR. He was trained in Toronto by Warrant Officer E. Huggins, from Toronto Symphony Orchestra. During the following three years he played with some of the finest Navy bands in Canada—Toronto, Montreal, Victoria, and Shelburne. He also played in the cruiser band of HMCS "Ontario," Canada's largest cruiser.

In 1946, John enrolled at the University of Alberta in Fine Arts. While being at the university, he played in the University Symphony Orchestra, besides the Navy Reserve Band. He graduated in 1949 with Bachelor of Education degree, majoring in music, and he has taught on the present staff since then.

Music activities keep John busy nearly all of the time. Besides his choral projects, programs, and instrumental renditions, he has organized a 25-piece school band which has made very fine progress. "Band training has certainly come in handy for present work," says John, "for without it I couldn't have found band-training in school very easy. A director must know the possibilities of every instrument, of every performer, and of selections performed before he can achieve any progress."

John has two brothers who are also members of the Navy Band in Edmonton: Walter, a student attending high school in Smoky Lake, and Mike, a grain buyer in Waskatenau. Walter is relatively a new-comer to this band, but Mike has been a member for the last three years. Both Walter and Mike play coronets in the band. All three brothers drive every Sunday morning to the city for their weekly rehearsals.

Serves Minors Liquor Is Fined \$75

McLennan—A fine of \$75 was recently imposed on the proprietor of the McLennan Hotel, and the beer parlor was ordered closed for two weeks, for violation of the Liquor Control Act.

Serving intoxicants to two minors was the offence. In the

House Honors Stony Plain Member

A special honor befell Mrs. C. R. Wood in the Alberta legislature Tuesday.

Mrs. Wood, Social Credit member for the Stony Plain constituency, on Monday was elected mayor of the town of Stony Plain.

In the house Tuesday, R. D. Jorgenson (SC, Pembina) presented her with a "chain of office," on behalf of the members of the Legislative Gallery Association.

In a letter of congratulation read by Mr. Jorgenson, the members of the gallery apologized for giving her the rusty iron chain, explaining: "We realize a gold chain is traditional, but the press gallery has been off the gold standard some years..."

Bridge Construction Underway At Watino

WATINO — Construction work on the bridge site at Watino began last week. The site of the new bridge is located a short distance upstream from the ferry crossing.

The approaches to the bridge will necessitate a change in the highway.

On the town side, several houses will have to be moved to permit the changes in the highway as these houses stand in the direct path of the approaches.

Water Scarce At Bellis School

BELLIS—The executive meeting of the Home and School was held on Monday, with only part of the members attending, so was postponed to Thursday. Instead the School Board held their meeting.

It is hoped that definite plans will be underway soon for the much needed new school. The wells for fresh water should be started soon before the hot summer season begins. Believe it or not, the children are doing better than camels. There are 120 pupils in the junior rooms getting by with four pails of water a day. The High School pupils have to get their supply from a hole that cattle are watered from. The town pupils get their fresh water at noon, but what about the country children?

Ice Carnival Proves Successful

ST. ALBERT—The St. Albert Ice Carnival, originally postponed from March 8, was held on Wednesday evening, March 11. There was a very satisfactory turn-out, despite the short time notice and the cold weather. The Lions wish to thank their ladies who served the hot dogs and coffee.

Ann Ross, the Lions candidate, was crowned queen. The attendant was Lucille Morin, CYO candidate. Little Lorette Lamar also was in attendance. Neil John Ross was the ring-bearer.

Ten skaters from Glenora performed on the ice. There was racing on skates for boys and girls. The St. Albert Scout hockey team placed against the Indian Industrial School. Between acts, the girls and men displayed their prowess at broomball.

The Lions also wish to thank the St. Albert business men and all those who contributed so well to this event.

case of one of the minors this was the second offence. Fines were imposed on both offenders.

FWUA Appoints New Secretary

ST. ALBERT—The FWUA met in the St. Albert Community Hall on Tuesday evening, March 17. There were fourteen members present. Because Mrs. J. R. Atkinson is leaving the district soon Mrs. Jack Fuhr was elected to replace her as secretary.

It was decided to send Mrs. Lloyd Powell to the leadership course at Olds on April 13 to 18. Arrangements were made for the basket social on March 20 in the Community Hall. Mrs. E. A. Atkinson gave a very interesting report on the 21st annual meeting of the UFA Co-op, emphasizing the need of a marketing board. A donation is being sent to the ACWW conference fund.

The adjournment was followed by a delicious lunch served by the hostesses, Mrs. Lloyd Powell and Mrs. Wm. Flynn.

District Mourns Pioneer's Passing

WASKATENAU—Waskatenau district lost one of its most respected pioneers, when Mrs. Melbourne passed away recently in an Edmonton nursing home.

Born on October 13, 1866, at Sudbury-on-Thames, Surrey, England, Polly Elizabeth Strange married Edward Melbourne in 1890. Mr. Melbourne came to Alberta in 1908 and chose a homestead two miles south-west of the present village. A year later Mrs. Melbourne, with their son and daughter and F. Scott, came and joined him. Mr. Scott was the first teacher in the pioneer school here and later became Mrs. Melbourne's son-in-law. Since her husband's death in 1919 Mrs. Melbourne has made her home with Mr. and Mrs. Scott and their family.

In Mrs. Melbourne's personality were represented the best characteristics of her countrywomen. Industrious, frugal, upright and hospitable, she won the respect of all and the affection of many. She looked well to the ways of the household, but found time for social and church interests, even in her declining years.

The church could not accommodate the large number who attended the funeral. Honorary pallbearers were W. Nicoll, F. Lukn, D. New, J. Woodward, T. Evans, J. Martin. Pallbearers were A. Shwetz, E. Carefoot, K. Phillips, J. Innis, W. Wilson and H. Lunn.

Rev. G. A. Sauder conducted the service, and the choir sang favorite hymns. Among out-of-town friends who attended the service were: Mr. and Mrs. F. Fry of Calgary; Mr. and Mrs. W. Nicoll, Mr. and Mrs. F. Coulson, Mr. and Mrs. F. Lunn, Mr. and Mrs. Leslie Scott, and Mrs. Cherrington, all of Edmonton.

Mrs. Melbourne is survived by her daughter (Mrs. F. Scott); one son, Leonard Melbourne of Vancouver; five grandchildren and seven great-grandchildren.

Laurels Brought To Evansburg District

EVANSBURG — At the recent Seed Fair held at Calgary, the McZeppa Bros. of Evansburg brought fame to their district when they were among the winners in the Seed Oats entries. They submitted Lorraine oats.

Last year over 5,000 Canadians received temporary food, temporary shelter, clothing or medical services through the Red Cross Disaster Services.

DO YOU REMEMBER?

HERE'S A PICTURE taken in days gone by, right here in Alberta. Perhaps the scene is familiar to you, and you can give us some information. For the best written description of this picture containing 200 words or less, the Editor will pay \$1.00. Send your entry to "DO YOU REMEMBER?", P.O. Box 4430, South Edmonton.

B.C. SETS UP EXTENSIVE ARTHRITIC RESEARCH PROJECT

VANCOUVER — (BUP) — Canada's No. 1 crippler, arthritis, is the subject of research at University of British Columbia in an attempt to find its cause.

The project is based on the theory that the inflammatory reaction of arthritis may be caused by the suppression of normal amounts of cortisone from human glands.

The "wonder" drug, cortisone, produced from animal pituitary glands, has had success in controlling some forms of rheumatic disease.

The hormone is also produced by human pituitary and adrenal glands, and although scientists do not fully understand its function, it is thought that lack of it may cause arthritis.

So UBC researchers, under Dr. Marvin Darrach, have started an investigation of the amount of the hormone in the blood of healthy and sick persons.

They have already worked out a method of measuring the hormone.

Tangible results may not be known for a year, as the great care necessary may slow up compilation.

The research project is backed financially by the British Columbia Division of Canadian Arthritis and Rheumatism Society.

DOG BITING AT TIRES IS 'BOUGHT BY POLICE'

EDMONTON—Police and dog catchers in Edmonton sought a light-colored dog, reported foaming at the mouth and biting at car tires in a west Edmonton district. Police said they received reports of the dog from two parties. The reports came several hours apart.

BROODERS FOR YOUNG PIGS

The greatest losses of young pigs generally result from crushing and chilling within the first three days after farrowing. At the Experimental Farm, Indian Head, Sask., corner-type brooders equipped with infra-red heat lamps have proved effective in reducing losses from this cause says W. W. Cram.

A corner brooder can be simply and easily built by nailing a strong partition across a corner of the pen. The partition should be three feet high, with each end four feet from the corner. An eight-inch space is left at the floor in which can be fitted a hinged door to confine newborn pigs until the sow settles down after farrowing. The top of brooder is left open.

A 250-watt infra-red heat lamp is hung in the centre of the brooder. The lamp should not be close to or in contact with bedding or woodwork as fire will result. Young pigs are attracted by both light and heat. After being placed in the brooder once or twice they will

usually return after each nursing to lie in the warmth of the lamp. The lamp is usually started with the bulb from 20 to 24 inches above the floor or bedding. It is then raised a little each day or about three inches per week to harden off the little pigs as they grow older. Too much heat results in soft pigs that are more susceptible to chills and disease. Two weeks is generally long enough to use the lamps but in cold weather an extra week may be desirable.

During cold weather the building in which litters are housed should be kept above freezing by means of a stove or furnace, while the brooders are used as an extra source of heat for the young pigs.

JR. F. J. GREANEY,

Federal, Alberta Pacific, Pioneer, Canadian Consolidated, Paterson, McCabe, Parrish & Heimbecker, Inter Ocean, Independent, Ellison Milling, Canada West and Quaker Oats.

Seed Treatment—Does It Pay?

For a dollar spent on seed treatment the return is usually two dollars, and often much more. This is the opinion of many independent farmers and research men. Yes, seed treatment pays that well!

Why Treat Seed? In examining and testing thousands of farmers' seed samples of wheat, oats, barley and flax, the Line Elevators Farm Service finds that a large proportion of the seed-grain farmers in Western Canada sow each year is contaminated with smut, or is damaged by threshing or weathering, in sufficient amount to make seed treatment necessary and profitable. Sowing diseased or damaged seed without treatment invariably results in poor field germination, thin stands and hence "weedy" crops. The final result is, of course, reduced yields of poorer quality grain. This department is convinced that no farming practice will produce greater returns for the money and time invested than will seed treatment.

Many Chemicals Available. There are many kinds or types of seed-treating chemicals on the market today for grain crops. Some of them are "single-purpose" seed treatments, that is, they will control one particular disease of one particular crop only. Others are "dual-purpose" seed treatments, which effectively control not only smut, and other seed-borne diseases, but wireworms as well. The best advice we can give to farmers concerning seed treatment is this: Be sure and buy the seed-treating chemical that will do the job you want it to do. If in doubt, seek the advice of your local Agricultural Representative, or write to your nearest University, or Dominion Laboratory of Plant Pathology (Winnipeg, Saskatoon or Edmonton). Your local Line Elevator Agent can also help you. Ask him for a copy of our 1953 Seed Treatment Chart. Don't take a chance. Treat all your seed-grain this Spring. Yes, it pays!

Quick Canadian Quiz No 113

1. How many miles wide and long is Hudson Bay?
 2. What industry pays the most in taxes to the federal treasury?
 3. Although B.C. has no native ore for this new industry and will import all its raw materials, the province will soon be a big producer of what metal?
 4. What percentage of Canada's forest resources are publicly-owned, Crownland timber reserves?
 5. From 1941 to 1951 did the number of Canadians working in agriculture increase or decrease?
- ANSWERS: 5. Decreased from 1,082,074 to 827,030. 3. Aluminum. 1. 800 miles long, 595 miles wide. 4.90 per cent. 2. The forest products industry.

To Set-Up Road Board

EDMONTON — Alberta highways minister Gordon Taylor told the legislature recently that a location board will be set up on April 1 which will be responsible for the planning of a long-range program of provincial highways development.

The announcement came after he blamed the conditions of Alberta highways on two factors.

The first, he said, was that during the last war all available material and manpower were diverted to defence, and engineers left the department to serve in the forces.

"This built up a back-log of road work, of which we're still feeling the impact," he said.

The second factor, he explained, was the "tremendous shortage of engineers in the province. Up to now, some of the engineers in the highways department have had to work 18 hours a day in order to keep ahead of contractors."

"In order to implement our 1953 highways program for about \$36,000,000," the minister said, "we must find more engineers."

C.C.F. Select Nominee For McLeod Federal Constituency

EDMONTON—The CCF Party have selected their candidate for the next Federal election for the McLeod constituency. He is Mr. Leslie Howard of Claresholm.

Mr. Howard is a construction worker—an active member of the CCF movement for several years. Married, with a young family, Mr. Howard is considered by the party to be an exceptionally good candidate for the McLeod riding.

Wrong Fertilizer

WACO, Texas — Anticipating her spring garden, Mrs. Burman Blask bought a sack of commercial fertilizer and stored it in the garage. At the first opportunity, she carefully mixed the fertilizer with soil in her garden, planted her seed and gave it all a good soaking. The next morning her garden had the permanency of an airport runway — she had used cement, which her husband had put in the garage instead of fertilizer.

\$1 for EMBARRASSING MOMENTS

The Editor will pay \$1.00 for every item published on "The Most Embarrassing Moment of My Life." To qualify, items must be true, personal incidents. Address "Embarrassing Moments," P.O. Box 4368, South Edmonton.

Last year when I was at a wedding supper I was sitting by a young man I didn't know. As I was cutting my meat, my fork slipped and some of my food jumped onto the young man's plate. Was I embarrassed when this man looked at me!—"Shorty"

(MISS) IRENE PULLISHY,
St. Michael, Alta.

I was walking past my neighbor's yard one afternoon and I saw a lady and her two small sons outside. The lady had her back to me, splitting some wood, so to surprise her I threw a pebble at a building close to her.

Thinking she was the lady of the house I asked, "Since when did you have two boys?" She said, "For six years." As she looked up I saw she was a stranger and I embarrassingly apologized. Now she is my good friend and teases me about it.

The Arrival Of Spring

The vernal equinox, which heralds the beginning of Spring, occurred at 3:01 o'clock on the afternoon of March 20th this year. At that moment, the earth's axis was at a right angle to the direction of the sun. At the vernal equinox day and night are equal all over the world.

The other time during the year when this occurs is in September, at the autumnal equinox, which will occur on September 23rd in 1953. In addition to the equinoxes, there is a Summer and Winter solstice, which ushers in Summer and Winter, respectively.

The Summer solstice begins in June, when the North Pole is tilted twenty-three degrees and twenty-seven minutes toward the sun and therefore in the Northern hemisphere the days are longer than the nights. At the same time, the days in the Southern hemisphere, where the South Pole is pointed away from the sun, are shorter than the nights.

This difference, which is caused by the tilting of the earth's axis is often misunderstood by many who know only that the vernal equinox marks the beginning of Spring and that the "some kind of day" in June, September and December herald the other three seasons.

Another question which is often not clear in the minds of many is why the hottest days of Summer seem to come after the Summer solstice, on which day there is more sunshine than any other day in the year. The reason for this is that the earth continues to build up heat after the Summer solstice, while losing only a portion of it at night, and therefore it is July or August when the maximum temperature is reached—and when the heat loss at night begins to match the heat gain in the day.

Because of the tilted axis of the earth, when the Northern hemisphere is tilted toward the sun, experiencing long days and warmer weather, the Southern hemisphere is tilted away, experiencing short days and colder weather. Therefore the beginning of Spring in the Southern hemisphere is September 23rd, and the Summer solstice is December 21, etc.

The Quarantine On Dogs

The order demanding that every dog be kept in confinement or on leash is a harsh one. The penalty is a stiff fine for the owner, as well as the risk of having his dog shot on sight by an authorized officer.

But rabies is a serious disease, and harsh measures are required.

It was thought by many that the ruthless slaughter of a thousand or more cattle and rigid quarantines on many other herds was too stringent a remedy for the outbreak of foot-and-mouth disease a year ago. But these steps proved the right ones. The outbreak was fairly quickly brought under control, much quicker and better than is usually done.

It is in the interests of every dog-owner that the rabies outbreak be cleaned up as quickly as possible. With wild animals infected, that may be hard to do. But there's no easy way, no short cut. A strict quarantine is necessary, and that's all there is to it.

The authorities should not hesitate in applying any further measures they deem necessary to bring the outbreak under control.

Note and Comment

Arthur Godfrey, radio and television comedian: "I'm proud to pay taxes in the United States. Only thing is—I could be just as proud for half the money."

The population of Canada totalled 14,624,000 on last December 1, reports the bureau of statistics. This is a gain of 615,000 in the 18 months since the 1951 census.

Bible Today

The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light—Romans, XIII: 12.

Recipe For Success

By T. W. PUE

The other day I came across the following item in Papyrus, a bright little trade magazine published monthly by Mid-West Paper Sales Ltd. It is headed simply "Recipe for Success":

"Find out where the money is and get there as quickly as you can get there and when you get there get all you can get there, and then get out of there with all you could get out of those that were there before those that are there get out of you all you got there after you got there."

T. W. PUE

Well, that's just a little too complicated for us, and anyway I'm not certain I could move that fast.

For a long, life-time pull, Charles Kettering of General Motors fame has given out on the subject what any ambitious young man or woman can count on as sterling principles of success:

FIRST—Develop the desire and ability to create . . . do something original. Something no one has ever done or been able to do before.

SECOND—Acquire the quality of persistence. Have the urge to keep going until a job is finished, regardless of surroundings, poverty or health.

THIRD—Be dissatisfied. This seems to be the standard equipment of successful men. No matter how outstanding their work appears to others, they themselves are never satisfied and are sure that if they had the job to do over, they could have done a better job.

"Looking forward, it often seems as if all of the worth while things have been done. But if we re-examine the world around us with a fresh outlook . . . raise our sights above our man-made limitations . . . I am sure we shall be surprised to learn how little we really know. Successful men are never fooled by the limitations of the past, they know that new opportunities always lie ahead."

Today there aren't really very many young men who want to be successful. To them it is more important that they get a job and security with short hours of work, long vacation periods, the minimum of responsibility and a company Retirement Pension plan as the one goal that whets their ambition.

Probably someone with this latter philosophy of life thought up the following witticism, also taken from PAPHYRUS:

"Safety slogan: The first thing to save for your old age is yourself."

Better Than Russia

(From the Calgary Albertan)

"Send them to Russia" is a frequent attitude toward Communists. Of course it is taken for granted that most of the people who laud the Russian system wouldn't like for a moment to live under it, but New York judge didn't take it for granted. Thirteen Americans, leaders in the Communist Party, were convicted of urging the violent overthrow of the American government, and the judge offered them the chance to go to Russia. But all of them refused. When it came right down to it they preferred jail in capitalist, reactionary, imperialist counter-revolutionary and war-mongering United States to freedom in their beloved Russia.

Being American citizens, they could not be forcibly sent to Russia. Perhaps there ought to be some provision for revoking their citizenship. But probably Russia would not take them anyway. Why would it want such dupes?

Three-Dimension Picture Screens

Several major moving picture studios have indicated recently they were seeking a universal system of three dimensional production and exhibition. The idea would be to make uniform the various equipment and screens which would be required to show the new-type picture.

One of the new three-dimensional systems is called cinemascope and requires a concave screen two and a half times larger than the ordinary movie screen. In addition, it requires special photography and projection.

It is obvious that if this new type moving picture entertainment is to be enjoyed as widely as current flat-screen films, the major producers will have to agree on a single system. Officials of the Metro-Goldwyn-Mayer, Twentieth Century Fox and Columbia studios, in addition to others, have indicated a willingness to co-operate toward this end.

NOTHING BUT THE TRUTH by Russ Arnold

THE CINDERELLA CROP-GRASS

The very first form of life on this earth, long preceding the advent of man, was grass. The book of Genesis tells us "And God said, let the earth bring forth grass. . . . And the earth brought forth grass. . . . And the evening and the morning were the third day". (Man was not introduced until the sixth day.)

Grass seems to be the Cinderella of all plants. Much less improvement work has been done by man on grass, it seems, than on grains and livestock; but it appears opportunities for greater productivity of livestock by means of the improvement of grasses and pastures are great indeed. Representatives of 60 nations meeting in the United States to

talk about grass were informed by Mr. Will M. Myers, of the University of Minnesota, that improvement of grasses could well be made that would enable the Northwest of the U.S.A. to carry 50 per cent more cattle and sheep than it does today, and that two acres of improved pasture in the Northwest could provide all the forage needed by a dairy cow; so that much the same thing applies to beef cattle.

Dr. Myers thought, however, that a great deal of research work and breeding work would have to be done to breed and to introduce these new varieties of grasses. No doubt the same opportunity for grass improvement exists in Canada.

Voice of the People

TO QUEBEC, MEN!

We hear that there are more men than women in the West and the men are beefing about not enough girls to go around. If you think you have a problem with a shortage of the opposite sex, pity us poor girls! We outnumber the men here 10-1 and its very discouraging.

PEGGY WILLIAMS and ANNE GARDNER, Quebec City.

WHAT THE CHURCHES FORGET

In a recent article in the Calgary Albertan on statements by four United Church ministers, Rev. H. Lane of Saskatoon said: "People must realize they need not sign up with a radio 'hot-gospeller' in order to receive the Gospel."

If the United Church and other organized churches got back to the word of God and preached redemption through the Blood, and the need of the new birth, we would not be leaving the Church of our fathers.

The so-called "hot-gospeller" is leading many a soul to Christ, where the Church has failed to preach "Ye Must Be Born Again".

ONE WHOSE LIFE WAS CHANGED, Crossfield, Alta.

MARVELLOUS CAREER For YOUNG MEN

with some plastering experience!

Young men, (must be at least 6 feet tall), required immediately to train as mechanical Drywall Taping operators. Some plastering experience required. Successful applicants will undergo 3 months training period with pay. Must be free to travel anywhere in Canada. Men who qualify as Master Tapers will earn as high as \$2.50 per hour. Immediate employment available.

Sickness and hospitalization benefits.

Unlimited opportunities for advancement to managerial positions for men with ability and initiative. Personal interviews arranged at our expense for successful applicants. State educational status, age, experience and other background information in applying.

Please apply in writing

Box 310, Edmonton, Alta.

LETTERS TO LOUISA

Dear Louisa,

Do you think that seniors in High School should stay out to parties until one or two o'clock in the morning. I have a daughter in that class and she says that all the other girls do every Friday and Saturday night.

It worries me very much but I hate for her to be the only one who can't go with the crowd.

What do you think about this?

Mrs. G.

Answer:

I certainly do not think that High School girls should keep such hours. And if I were you I should get in touch with some of the other mothers and find out if they are not being high pressured with the same argument.

For some special occasion, such as a Junior-Senior banquet and dance the bars may be let down a bit, but eleven-thirty or twelve o'clock is certainly late enough for school girls to stay out on weekend parties.

If your mothers would get together and talk it over with the girls and boys, you will probably find them co-operative, particularly so if they find that all of them must abide by the same rules.

LOUISA

Dear Louisa,

I am a young lady twenty-four years of age. Now I have to have my teeth taken out. My husband thinks I should have them

pulled at the bottom first, get the plate for that—then have the top ones taken out and the impression made for that but I think I should have them all taken out and then get the entire plate made.

What do you think about it?

F. G.

Answer:

This is a hard question to answer but if I were in your place, I should get used to one plate before I had all of my teeth taken out. The top plate is usually much easier to become accustomed to than the bottom so you should take that into consideration. If your teeth are diseased and they must be if they are all to be taken out, I doubt if the dentist will pull very many of them at one time as so much poison turned loose in the body will usually give the patient trouble.

So why not have either all of the top or all of the bottom taken out first and get used to one plate before you try both? I believe such a course will be much less of a shock than it would to have it all done at the same time.

LOUISA

Ever-Charge

CHARGES BATTERY IN TEN MINUTES

Automatically Keeps Battery Charged

Start MOTOR, Use LIGHTS, Play RADIO as Much as you Like.
No More Charging — Ever-Charge Does It!

DOUBLES LIFE OF NEW OR USED BATTERY

(Only one treatment required)

For Use in Cars, Trucks, Tractors, Lighting Plants, Etc.

HOW IT WORKS

Ever-Charge is a chemical that prevents the lead and acid in Battery from combining to form what is called sulphation, which causes 90% of Battery failures. By preventing this sulphation it allows the acid to contact the lead and by so doing keeps the Battery at full charge.

FOLLOW DIRECTIONS.
ON PACKAGE

GUARANTEE

EVER-CHARGE is guaranteed to do all we claim for it, if used according to directions and if the Battery is mechanically sound. Money back if not satisfied. Only 1 pkg. and 10 minutes required to treat battery. (Once only.)

THE LIGHTER SIDE

Our Speedy Age
News from Hollywood, via Life: "Once in a Lifetime" has been purchased for production. The title has been changed to "Twice a Day."

Looney Over Lids
"The first thing Maud did with her legacy was to buy a dozen new hats."
"Ah! I was afraid the money would go to her head."

No Insect
There had been a rear-end collision. One of the drivers climbed out in a fit of temper and strode up to a man standing on the sidewalk, thinking him to be the other driver.
"Say, where's your tail light?" he roared.

The innocent bystander looked up at him. "What do you think I am, a blooming lightning bug?"

Should Know
Store Manager—What's your name?
Applicant—Scott.
Manager—And your first name?
Applicant—Walter.
Manager (smiling)—That's a pretty well-known name.
Applicant (proudly)—It ought to be. I've been delivering groceries around here for two years now.

It Does
"MacTavish, why do you always try to make a hole in one? Is it just for publicity?"
"Of course na. It saves wear and tear on the wee ball!"

Snappy Answer
Two farmers were sitting on the front porch of the general store when a city slicker drove up in a flashy convertible.
"Hey, you," yelled the driver, "how long has this town been dead?"
"Can't be long," snapped back one of the natives: "you're the first buzzard we've seen."

Honest Employee
To a tramp, who wanted to earn a bite to eat, the farmer's wife said: "If I thought you were honest, I'd let you go into the chicken house and gather eggs."
"Lady," he replied, with offended dignity, "I was manager of a bathhouse for 15 years and I never took a bath."

Even Then
Junior: "We've always had a housing shortage, haven't we Dad?"
Dad: "What makes you say that?"
"Well, I remember when you used to tell me about that woman who lived in a shoe."

His Favorite Gift
Tommy—That mouth organ you gave me for my birthday is easily the best present I've ever had, uncle.
Uncle—I'm glad to hear that.
Tommy—Yes, mother gives me two bits a week not to play it.

Suspicious Symptoms
Homely Nurse—Oh, matron, I think I ought to tell you that Patient No. 14 just tried to kiss me.
Matron—Tried to kiss you. Good gracious, take his temperature at once.

Ballots Sent Out For A.T.A. Election

EDMONTON—More than 6500 ballots have been mailed out from the head office of the Alberta Teachers' Association to teachers throughout the province, according to Eric C. Ansley, general secretary-treasurer of the ATA.

The ballots sent to all teachers in the province call a vote for the presidency of the ATA. Candidates are Lars Olson, currently ATA vice-president, and Robert A. Kimmitt, currently a member of the provincial executive council. Mr. Olson resides at Holden and Mr. Kimmitt at Coalhurst.

Additional ballots will be sent to teachers in Edmonton and district and in northeastern Alberta where elections will be held to determine geographic representatives on the provincial council. Acclamations were received in the remaining six geographic divisions as well as for the vice-presidency.

Candidates in Edmonton and district are William Kostash and McKim Ross. Both are Edmonton teachers.

Nicholas Poohkay, Hairy Hill and Michael Skuba, Smoky Lake, are seeking election in northeastern Alberta.

Mr. Olson has been ATA vice-president the past two years and has served on many committees while on the council. These include salary bargaining committees, arbitration board, discipline, building, resolutions, finance and conference committees.

Mr. Kimmitt, a teacher at Coalhurst, represents the teachers of southwestern Alberta on the provincial council. He has headed many local committees in his area and took a prominent part in affairs and activities of the ATA since being elected to the provincial council.

Ballots will be counted at the annual general meeting in Edmonton scheduled for the Macdonald hotel April 6, 7 and 8.

Federal Mediator Enters Strike

VANCOUVER (BUP)—The federal government intervened in the three-week west coast grain workers' strike Monday in a move to settle the wage dispute and resume multi-million bushel exports.

Federal mediator Bernard Wilson arrived and within hours had approached the five strike-bound Vancouver and New Westminster elevator companies and the striking CIO Grain Workers' Union.

Wilson declined to comment on what approach the federal labor department had instructed him to use but expected developments shortly. It was believed he was attempting to get the disputants to resume negotiations on the 250-member union's demand for a wage hike.

The companies previously refused to consider a higher rate, stating they would stick to the 1952 wage level.

Meanwhile, at Edmonton officials of the CNR said the Canadian Wheat Board is expected to give the green light to clearance of 25 boxcars to Alberta export grain for Prince Rupert to flank the grain-holding bottleneck.

About 5,500 CPR and CNR boxcars loaded with grain have been stalled in the province because of the strike.

Senators put temporary "stop" on military base funds.

THIS WAS REALLY LIVING IN 1903

"GOTTA ADMIT IT, FOLKS, that travelling in this "Oriental Buckboard," built in 1903, had something that modern motoring does not have. For one thing, there was the adventure angle. You were never sure it was going to start. And not certain whether it was going to stop, either.

Crossfield News Briefs

We have just received word that Mrs. Ruddy, after spending a few days with the Ablemans in Calgary, after her recent hospitalization, has returned to her farm home, and is in much better spirits. Her daughter Hazel and her little grand-daughter will soon be leaving for the States where Hazel's husband is employed by Sohio Oils as a geologist.

Raymond Gilchrist and his sister-in-law Edith were Crossfield visitors on Saturday last, en route home to Raymond.

Crossfielders were pleased to renew old acquaintances with Jack McLeod who visited our town recently.

Mrs. Hank McDonald entertained the members of the Afternoon Bridge Club recently. The ladies were served a very delicious lunch and high scores were handed to Mesdames Heski-th and Stafford.

Const. Clevette was a business visitor to Hanna on Wednesday last.

Miss Barbara Bills spent the last week-end under the parental roof, and was very pleased to be able to visit her mother in the Holy Cross hospital, whose condition seems to show definite signs of improvement. Mrs. Laut has suffered polio, which caused fragmentation of the knee cap. Intense pain has necessitated the removal of the fragments which has been an ordeal of surgery and now everyone is rejoicing on "Virgie's" improvement of the last week, and pray that her recovery will be a lasting one.

Vern Thompson is a patient in the General hospital, Calgary, where he has undergone surgery. Crossfield and district wish him a speedy recovery.

Jack McAnally renewed acquaintances about town last Tuesday, and those who remember Jack at the CPR will be interested to know that he has been happily married for 20 years and boasts a fine little four month old son.

Mr. and Mrs. Jim Wilson, of the Atlas Lumber Co., Crossfield, are happy in the birth of their first child, a little boy, in the Holy Cross

hospital on Sunday the 15th. Mrs. Wilson is doing as well as can be expected, but the little boy will have to spend a short while in an incubator.

Mrs. Carrie Ruddy has been released from the Holy Cross hospital and is at present recuperating at the home of Mr. and Mrs. L. Ableman.

Mr. and Mrs. Bert Bannister opened their home to the bereaved McAnally family and a few close friends and together with assistance of the CWL over 20 were seated to a very nice dinner. Mrs. Bennett, Mrs. C. Smart and Mrs. M. Stafford helped serve the dinner.

Miss Frances Lennon was a guest of Mrs. Eileen Bills on March 17 and with her attended the Calico ball.

Mrs. W. W. Stafford entertained the Afternoon Bridge Club members in her home on Wednesday last. A very delicious lunch was provided, with table motif in keeping with St. Patrick's Day. Nicely wrapped gifts also boasted the green ribbons of the day and were handed to Mrs. Bert Lilley and Mrs. Harold Lorep, who, in order of merit won a lovely china cup and saucer and a china bon bon dish.

Mr. and Mrs. Billy Bills entertained at a sumptuous dinner causta on Thursday, March 19. Covers were laid for eight guests, who thoroughly enjoyed every minute of the evening's activity.

Don't forget that the Inverlea Ladies invite your patronage at a sale of home cooking and novelty work on Saturday, April 4 at 3 p.m. in the W. Laut's store on the main street. Mark your calendar for that date and be sure to attend.

Mrs. Ernie Sharp is expected home soon from the hospital where she was a surgery patient.

The Inverlea Ladies' Club met at the home of Miss Mary Thompson to participate in the business of their monthly meeting. The members made preparations for a sale of home cooking and novelty table to be held in Laut's store on April 4 at three o'clock p.m.

Within hours of receiving word of the western European floods YOUR Red Cross was providing blankets and other materials from supplies stock-piled in Geneva.

Crossfield Cops Second Slot

CROSSFIELD—The Crossfield Hockey ice is a thing of the past which is none too helpful to our hockey boys who cannot practice and whose every game is away from home. In spite of these drawbacks on March 16 our local H.S. players held Hidsbury to a tie after two periods of overtime, which was witnessed by about 35 local fans.

It was a rough and tough battle, full of thrills, even if the ice was covered with water.

McCool spearheaded the attack for Crossfield, scoring two goals and one assist, whilst Kotow and Timmins received singletons. The high scoring line of Mumby, Flemming and Baxter was held scoreless throughout the game. The tying goal was scored about twenty five seconds before the bell.

Two more games were played and Crossfield were unfortunate in sustaining losses after hard fought battles in each and thus finished second place in the Rosebud league, with great outlooks for the next year, when they hope to put Crossfield on the hockey map again.

In all fairness the Crossfield boys have done an excellent job in hockey and have come a long way, as our ice conditions this Chinokey year would dampen most players ardor, so we say "Well done boys, to have finished second place is an honor for which Crossfield is justly proud."

Table Tennis Championship Slated For Edmonton

The Edmonton Table Tennis Association wish to announce that the annual provincial table tennis championships will be held at the Edmonton Recreation Commission Building, 10280 100 St., March 26, 28 and 29. All enthusiasts of the sport are asked to send entries as soon as possible. Address all entries to the Recreation Commission, 10280 100 St., Edmonton, Alberta.

Six or seven events will be featured in the tournament. Included will be men's open singles, men's open doubles, men's novice singles, junior men's singles, secondary to the open singles event, ladies' open singles, and possibly junior men's doubles and a veterans' event for men over fifty.

To be eligible to enter the novice event, a person must not have won any major open tournament, or the provincial or larger, novice event before. A junior is a player who is under eighteen years of age.

Abe Goldstein, who was at the beginning of the season favored to sweep all tourneys here, has dropped to second place in the list of favorites for the provincial title. Hong Mar, a defensive player recently here from Kelowna, B.C., defeated Goldstein in the finals of the Edmonton city championships on March 1. Hong is the Western Canada Senior "A" champ.

A.C.T. Talent Show Held In Hall

FORT SASKATCHEWAN—The ACT-CFRN talent show was held in the Fort Saskatchewan Community Hall March 7 at 7:00 p.m. Jack Deniston was head of the cast and George Kidd was master of ceremonies. The Band Wagon party entertained and included in this group were George Moir, accordionist, Roy MacDonald, tap dancing and tumbling, Allan and Ula Douglas, comedians and vocalists and Walter Melnyk, monologues.

The Rules are that all contestants must be over 12 years and that only persons living in rural northern Alberta may compete. Mr. J. A. Dawson accepted entries for this amateur show. Proceeds go to the Crippled Children's Fund.

CCF Convention Set For Calgary March 1

EDMONTON—The CCF party has released that their nomination convention has been set for Calgary on Wednesday, April 1. The convention will take the form of a dinner meeting to be held in the Harris Sky-rooms at 1106 - 6th Street West.

The special speaker at the convention will be the Hon. Mr. Brocklebank, Minister of Natural Resources, Saskatchewan.

'Spiel Ends With Supper And Dance

FORT SASKATCHEWAN—The Fort Saskatchewan Bonspiel, in spite of poor weather was completed last Sunday night. Through the kind co-operation of the Avenue Rink in Edmonton some 40 games were played on artificial ice, the remainder having their event here. In the Grand Challenge competition A. Hudson Jr. of the Avenue Club defeated Gilchrist of the Royal Glasgow of the Thistle defeated Wright of Fort Saskatchewan in the Merchants' and Robin of Menora defeated Jamieson of Edmonton in the Citizens. The Consolation event went to Simmons of Fort Saskatchewan winning from Ainslie of Edmonton. In all 53 rinks took part in what has been described as the best 'spiel in the Fort history.

The Bonspiel Banquet which was held on February 25 was attended by over 200 curlers, the meeting being presided over by President S. E. Thorne assisted by Mayor Lowe. The meal served by the ladies of the United Church was turkey with all the trimmings and was voted the best ever. Out of town skips spoke and commended the local committee on the 'Spiel. A dance was held in the Community Hall February 27.

Resources, Saskatchewan.

Ladies' Club Donates To Flood Relief

WIMBLEDON—When the Ladies' Club held its monthly meeting at the home of Mrs. R. Ellett last week, it was decided that the club would make a donation to the European Flood Relief Fund. In addition to making another quilt for the Red Cross, a sum of seven dollars was sent in for flood relief, a sizeable amount for the club membership.

Average income of Canadians in 1949 was \$900; in the U.S. the figure was \$1,440 per capita Switzerland, \$850, Sweden \$820 Britain \$775, Russia \$310.

School Districts Get \$5 Grant Per Pupil

EDMONTON (BUP)—Alberta education minister A. O. Aalborg Monday spelled out a new formula for increased aid to education and school construction in the province during 1953, especially as it applied in Calgary.

He said total Alberta school operational grants this year was \$11,617,000, an increase of \$1,747,000 over similar grants in 1952, and school building assistance grants have been jacked up to \$2,700,000.

Aalborg said grants which formerly were paid on a sliding scale for each school classroom, depending on the grades taught in the room, would now be paid at one basic rate. And instead of school transportation grants being based on mileage and the number of pupils carried in buses, the government would pay a straight percentage of the cost of transporting pupils living in each school division and district.

The minister said the legislature also would be asked to approve a new system of grants whereby \$5 would be paid for each pupil enrolled in provincial schools. This would require \$898,935, a major bulk of the increased 1953 education appropriation.

Another change will be that instead of paying \$20 per pupil at schools with abnormally large enrollments, the grant was being increased to \$100 per pupil who was extra to the provincial average enrollment.
